PBA COVID-19 TASK FORCE: The PBA COVID-19 Task Force, under the leadership of its chair, Mike Jones, worked fervently to find a solution in these unprecedented times to help these law students. The creation of the PBA Project Board is the result of these efforts. This new program has been developed to help match recent law school graduates with members who are in need of limited-time legal support while the bar exam has been moved to September. Members can post assignments/projects and new graduates can apply for them within this platform. The best part is that posting and applying is free. This program will help law students gain experience and possibly some income and will allow attorneys to get help with specific projects when they may not be in a position to hire staff during this time. The task force is asking for help to spread the word about this valuable program and is also encouraging members to utilize this service. The PBA Project Board is posted on the PBA homepage ([PBA homepage](#)). The URL for the PBA Project Board is: www.pabar.org/projectboard if you want to check it out.
