**Course Description:** The shutdown associated with the pandemic forced courts to adapt procedures to keep all aspects of the legal system running. While some of those procedures fell short of optimal delivery, others created efficiencies and created favorable change. This session will review many of the procedures used during the shutdown and employ robust discussion to evaluate what changes the judiciary might want to consider making permanent. Ultimately, it will help judges hear a variety of ideas and perspectives that they can take into consideration for their own courtrooms.

Pursuant to Continuing Legal Education Rules, this program has been approved by the PA CLE Board for one (2.5) substantive credits for all attendees who participate in the complete program. **JUST ADDED: This program will now also qualify for 2.5 substantive CJE credits for any judges that wish to participate.**

Please note a break is included in the program.

Registration deadline is 12 noon on Wednesday, September 8.
